**The Book club** date has been moved to Thursday 21 January at 7.00 - at least it gives a little more time to finish the book.

Hope to see you all then - and until then keep safe and warm!  
Bill

**Environment issues:** How can we become better at caring for creation and improving our lifestyles and the lives of others through healthy, eco-friendly and

sustainable living? If you've been meaning for a while to switch to green energy, go plastic or flight free or try a vegan diet, then 2021—or perhaps Lent 2021 - is a good time to start or to give something up that benefits nature and helps address climate change.

We have been asked to act as Community Health Champions to share information and advice about COVID. This week good news—people getting the vaccine.

"I'm getting the vaccine because I lost my husband & live on my own now. My twin has lost hers too, so we only have each other now. We want to get back to being able to go walking & swimming."
