Help needed to plan for our summer fair in July (17th). Energy and ideas welcome!

The New Variant

You'll have seen on the news that COVID-19 cases have risen 55 per 100,000 in the last week and more cases of the variant, first identified in India, have been found in parts of the borough. There have been 40 confirmed cases to date.

To help stop the spread of this new variant surge testing and additional vaccinations are launching in North Tyneside (<https://my.northtyneside.gov.uk/page/26134/coronavirus-covid-19>).

The new variant is much more likely to spread than the dominant variant in circulation, although it doesn't cause a more serious illness, it's important to limit transmission because:

- * Majority of people under 50 years of age still haven't been vaccinated
- * There is a proportion of people over 50 that have not yet had their second dose of vaccine

- * We know that no vaccination programme is 100% effective
- * Allowing this variant to spread could lead to more dangerous variants emerging

So please let's all follow:
Hands, Face, Space
Get tested regularly even if we don't have symptoms.
If you get symptoms of COVID-19 seek a PCR test as soon as possible.

An Open Synod Forum will be held on the evening of Thursday 10th June from 18:30 to 20:30. This Open Forum meeting, which is open to all, will begin to look at **Living in Love and Faith**. The meeting will be hosted using Zoom and registration is now open. [Use this link to register to attend the Living in Love and Faith Open Synod Forum on 10th June](#)

We hope to hold a group to look at the Living in Love and Faith materials in the summer, so this would be a good introduction
