Walk-ins

There are still between 17-18,000 people in North Tyneside who are yet to have their first jab. The fight against the virus is far from over and we still have some way to go to get back to normality. One part of returning to normality is to help as many people as possible in North Tyneside get their vaccine! First dose walk-in clinics are open across North Tyneside. These clinics allow those eligible to 'walk in' and receive their vaccination with no appointment. Everyone who had their first jab 8+ weeks ago can now get their second jab too (this has been brought forward from the previous 11-12 weeks).

DOUBLE JABBED INDIVIDUALS WILL NO LONGER NEED TO SELF ISOLATE FROM AUGUST

For those of you who have had to isolate for 10 days you'll know how much of a faff it is (missing out on long sought after plans with friends and family, losing out on work/pay and generally just climbing the walls for 10 days). However, the Government have recently announced that from August, double jabbed individuals will no longer need to self-isolate if they are identified as a close contact of someone with COVID-19 (but will still be encouraged to take a PCR test, and then would have to isolate if they are positive).
