### **Climate Change and COP26**

reached Glasgow for the COP26 UN  
Climate Change Conference (31st  
October – 12th November). They  
have walked for 20 weeks.

Please pray for them and for all the  
world's leaders as they assemble  
for COP26.

*Creator God, we speak and act  
without hearing Your call over the  
noise of the world to be good stew-  
ards.*

*You speak. You create. You want us  
to be stewards of Your creation.*

*We come to You to re-learn how to  
care for the earth and people you  
have made.*

*Strengthen all who call for change.  
Guide us and the leaders of all our  
nations so that we may sustain the  
world and all its people, and enable  
all to flourish. Amen*

### Looking forward 2

We want to create a Nativity sheep trail around Wideopen, by making, drawing, crafting or knitting sheep. Each sheep should have an identifying difference—maybe a red hat, or angel wings, or a crown. Please get making, and drop any completed sheep off in church by 21st November. Please make sure you label each one with your contact details as there will be prizes for the best dressed, the funniest and the most creative. Thank you very much

### COVID update

Although it isn't a legal requirement, research shows that masks keep us and others safe. It is expected and recommended that people wear face covering in crowded areas such as public transport.

Vaccination is one of our best tools of protection against COVID-19, and latest studies show that COVID-19 infection rates are three times low-

er for double vaccinated people. If you haven't had your vaccine yet, please get it. Double jabbed individuals no longer need to self-isolate if they are identified as a close contact of someone with COVID-19 (but are still encouraged to take a PCR test, and would have to isolate if they are positive).

The current 7-day infection rate in North Tyneside is up again at 790.9 per 100,000 and locally (Weetslade ward) it has risen to 670.6 per 100,000 people. Please follow Public Health guidance and wash your hands, wear a face covering in crowded spaces and give others plenty of space and fresh air. Get your jabs and test and self-isolate where required. **We can keep each other safe**
