### Church Flowers

The new flower list is on the notice board for anyone who would like to donate flowers for an anniversary, birthday or to the glory of God, so that we can have flowers in church every week. Thank you for your continued support.

The current 7-day infection rate in North Tyneside is down from last week at 1,367 per 100,000 and locally (Weetslade ward) it has dropped to 1,263.9 per 100,000 people.

### COVID update

Research shows that masks keep us and others safe. It is expected and recommended that people wear face covering in crowded areas such as public transport. Vaccination is one of our best tools of protection against COVID-19. Get your booster if you can. We will continue looking at our precautions in the light of government guidance as it emerges.

Please follow Public Health guidance and wash your hands, wear a face covering in crowded spaces and give others plenty of space and fresh air. Get your jabs and test and self-isolate where required. **We can keep each other safe**

### We Pray for

This week we are keeping in our prayers Mary, Mavis, Kathleen, Audrey, John, Phil, Christine, Rita, Pam, Norma, Martin and Jack

Derrick Adamson

Christians and people of faith were central to the climate demonstrations, marches and protests that happened around COP26. More and more churches are becoming eco-congregations and demanding that their denominations divest from fossil fuels, but we still have much to do.

This is a critical decade for climate justice, where churches need to listen to one another and share ideas about how we can make campaigning for climate justice an even bigger deal.

With others such as Christian Aid and the Climate Coalition, we should

- continue to hold the Government to account on promises made and broken
- campaign on loss and damage
- Work on ways forward for climate justice
