

FABRIC REPORT 2021

The church building is in good order and has been kept sanitized and well ventilated, following the Covid guidelines as much as practicable, with risk assessments carried out at regular intervals.

The heating boilers, water heater, gas convector heaters and fire extinguishers were serviced. The Portable Appliance Testing was carried out as required by law. The organ was serviced and faults rectified as necessary.

The excess growth from bushes at the east side of the grounds was cut back as requested by North Tyneside Council.

The notice board was repaired under warranty by Hooper Signs.

Marjorie Fairbairn.
