

SAFEGUARDING 2021

As a church we are committed to providing a safe environment for children and vulnerable adults to enjoy their involvement in church activities.

As the church council are responsible for the safeguarding, every member is required to fill in a confidential declaration form and attend a training course.

The Health and Safety policy is revised at regular intervals as we are aware of our responsibilities to everyone using the building.

We also rely on everyone to use best practice at all times.

Marjorie Fairbairn.
